The hosts from SnoMan did a wonderful job and set the bar high for next year's hosts: SANS in Halifax, Nova Scotia—Click [here](#) for details!

Changing Roles

Effective July 1st I will leave the office of ACSA President and slip into the duties of the Immediate Past President.

As I prepare to leave the President's office I want to thank all those tireless volunteers who make up the ACSA Delegate, Friend, and Associate ranks as well as our Business, Individual and Family members. It has been an honor to serve ACSA in the offices of Vice President and President over the past four years. During that time my goal has been to provide reasoned, professional leadership in addressing the many challenges and opportunities that face our sport in the 21st century. I hope I have been successful in this regard and wish incoming President Greg Hiles of South Dakota, Vice President Scott Herzog of Montana, and returning Secretary/Treasurer Dean Meakin of Washington State great success in the coming year.

As I look forward to what I predict will be a banner snow year I'll close with a most important life tenet: **"The world is run by those who show up!"**

Thanks to all of you for showing up, speaking up and working hard, over and over and over, to improve the sport of snowmobiling! I hope to see you on the snow soon....

Who is ACSA?

ACSA is the National Organization that fights for our rights as snowmobilers. Many groups think they should be the only ones allowed to use lands that our tax dollars pay for. We fight against precedent setting decisions that can be used on the Federal/State Level barring us from using the lands we pay for.

We are a Charitable Organization making your donations tax deductible. There are several ways you can get involved:

Become a friend of ACSA: <http://www.snowmobilers.org/friend-of-acsa.aspx>.

You can help, **at no cost to you**, by registering ACSA as your charity of choice when you shop online at www.smile.amazon.com, www.iGive.com and www.goodshop.com.
